EAST END.

FOUND AFTER 40 YEARS.

FOUND AFTER 40 YEARS.

Mr. James Evans of Abbeville pays debt after 40 years trying to find his creditor. At last he learns that he had moved out of S. C. to another State, writes and finds him to be the right man and at once sends him a check and received a beautiful letter which in part says. "Mr. Evans I am the same Dr. D. M. Russell who in 1867 lived in Townville, S. C., and who attended you in that town, I had forgotten you and that you ever owed me, but remember now, and I know I will now receive a ten dollar gold piece which I shall have made into a medal upon which shall be inscribed 'An honest man is the noblest work of God.' I wish you success, and a long and happy life to enjoy it."

Mr. Evans was not only a valiant so dier, but we find him in peace as in war, honest true and faithful. What a legacy to hand down to children and grand children!

Thanksgiviny day passed off quietly in the city. Services in the churches was sparely attended, but Nimrods in the fields were in great numbers. No casualties occurred to mar the pleasures of the day, but every one rejoiced in the holiday and spent the day as best suited them.

Misses Antoinette Hammond, Sadle Hammond, Georgia Edwards and Bessie Murray spent Thanksgiving day very pleasantly in Green wood as the guests of Mrs. Gaines Hammond.

Mr. W. E. Penney spent the day with home

Greenwood as the guests of Mrs. Gaines Hammond.
Mr. W. E. Penney spent the day with home people at Sharon.
Mrs. R. H. Devlin and Mrs. Sam Nance were the guests of Mr. and Mrs. F. W. R. Nance last Thursday.
The Carnival is coming next week, and all Abbeville and surrounding country will be arive. Come to the city and you can take in the Carnival and get a glimpee of Santa Claup, as he has already established his headquarters here and has toys and all kinds of pretty things in great variety, and more beautiful than ever.
Dr. E. R. Piatt of Graniteville is in the city greeting his old friends who are giad to see him.

Dr. E. E. Platt of Graniteville is in the city greeting his old friends who are glad to see him.

Mrs. Champion of New York is he guest of Mrs. W. D. Wilson.

Mr. Harry Hill returned Sunday from a visit to Atlanta and will probably remain until siter Christmas.

Mr. Ergene Cobb spent Thursday with his home people in Greenwood.

Mr. Frank Dusenberry of Greenville spent Thursday in the city and received a hearty welcome from many friends.

The many friends of Mr. J. Calvert Thomson extend best wishes and congratulations, and wish for him and his lovely bride, long life, health and happiness. Mr. Thomson has been with the Farmer's Bank of this city for many years and is one of Abbeville's rising young men, and is deserving of the love and affection of the fair bride he has won. Mr. and Mrs. Thomson are most cordially welcomed to our city where they will make their home in the midst of many friends.

Avoid the great holiday rush at the post-office and bring your presents for mail several days before Christmas eve and you will be sure of their delivery in good time, otherwise tney may be crashed in the rush and probably delayed in transit.

The many friends of Miss Annie Cochran will be glad to know that after a long and tedious lilness, she returned to her place in the store last Monday.

We regret to learn of the extreme illness of Mr. W. O. Bradley who has hosts of friends here, all of whom wish for him a speedy recovery.

Anderson Intelligencer.

What is a quart? The fact that we have quaits of two capacities brings shout a little misunderstanding. Dry measure, as the name indicates, is for measuring grains of all sorts, potatoes, berries, and everything that is not iliquid. When the merchant sells these articles by the liquid quart, he is not selling a quart there are 672 cubic inches; in the liquid-quart there are 672 cubic inches; in the liquid-quart there are 672 ouble inches. There are 32 quarts to the bushel dry measure: liquid measure: 374 quarts. So the seller/makes 54 quarts on the bushel when he seller would use the the dry measure he gets 591, or 81 cents more ion the bushel. In large cities and in some not as large as this the dry measure quarts are used. We suggest to the city council that they take this matter up and put our town in line with other cities and cause all persons, whether merchants or farmers to adopt the proper measure in buying and selling. Business has to come to it one of these days. They might begin now.

They ought to do it.

C. A. Logan, D. D. of South Carolina, will deliver a lecture on Odd fellowship in Odd fellows Hall over H. G. Anderson and Co's, store.

The public is cordially invited to attend.

Give us two Days.

If there is anything more lonesome looking than the salesman or business man who feturns to work the day after Christmas, it is the man who comes to town to buy something on that day. Both parties look like they wish they hadn't done it.

Amid the worry of closing up the affairs of the old year, und laysing plans to meet the difficulties of the new year, man needs at least two consecutive days for rest and recreation.

We have worked faithfully taken and the same the difficulties of the new year, man heads at least two consecutive days for rest and recreation. ation.

Fire Alarm.

Fire broke out in the old Aliston house yesterday afternoon and gained some headway before the fire department arrived. It was brought under control and put out in a few moments after the firemen arrived. No serious damage was done.

Mahara's Minstrels.

Maraha's Minstress.

Maraha's Minstress will be the attraction at the Opera House to night. This company is an old established company well spoken of by the public and press. They number some 35 members, all colored. A novel departure from the ordinary minstrels with this company is a membership of some dozen women, who add greatly to the singing and choruses, of which the Marahas strongly feature. They carry their own band and orchestra and will give a novel street parade on the day of the show.
